Borden Heritage Group News March 2025

‘Life through the Lens’ was the subject this month: our Archivist John Hepburn produced his first presentation of his talk ‘Life through the Lens’ we saw a variety of photographs from the 1920s through to the 1960s many of which were from Johns family collection of glass slides showing how the method of taking a photograph has changed through the years.

Murston Heart is the venue for our next meeting, everyone is welcome, to book a place or for further details please email wrens_eileen.com.

We are grateful to everyone who is viewing and adding to our new website bordenheritage.co.uk
