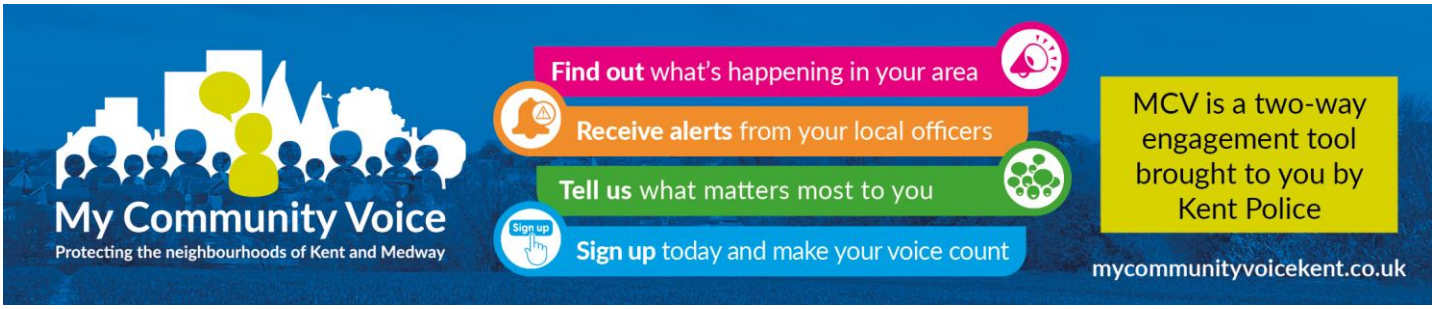
**What's going on in your area**

**Incidents of Note**

- Nuisance vehicles at the Playstool, reports that Quad bikes have been gaining access to the Playstool. Work is ongoing to identify the riders of the vehicles.

- Nuisance vehicles around Maylam Gardens, I have had a few reports of an electric motorbike being ridden around the area. I want to remind members of the public that these cannot be used on public spaces, and you risk having them seized if you do ride them in public spaces.


I want to encourage members of the public to continue to report these matters to us, whether you have information on who is riding them or where they are coming or that it is in progress. You can always report things anonymously via www.crimestoppers-uk.org
