BHG Report September 2024

‘Sittingbourne’s Forgotten Men’ was the subject of our September meeting. Terry Matson gave a moving and thought provoking presentation of stories collected from five local men who had survived the Second World War in prisons in Poland and Germany; they had taken part in an operation inland to ensure that British forces could escape from Dieppe. Terry was encouraged to record the stories by one of the survivors, when he worked with him locally.

For our October meeting members are invited search their attics and cupboards to bring along old local items of interest, for a display. The event will be preceded by a short AGM. October 9th 10.30am in the Parish hall, everyone is welcome.
